What Is a College Model School?

A College Model School captures the best aspects of traditional schools and homeschooling and incorporates them into a workable pro-family model that is manageable, affordable, and successful.

It is essentially a concrete expression of a new educational model in which two proven elements of educational success, “the professional instruction of a classroom teacher and the one-on-one instruction and/or guidance of each student’s parents are combined in a single unified program.”

- Based on a university-style and adapted to the elementary, middle and senior high levels.
- The structure usually involves courses that are held on a Monday/Wednesday or Tuesday/Thursday basis.
- Determine for each course and at each grade level the appropriate integration of the school and home.
- Team-Teaching partnerships between parents and professional teachers.
- Require direct Parent involvement and have the parent be the one primarily responsible for keeping their student “on track.”
- Parents are responsible for teaching character values to the students which are also encouraged at Grace Academy.

Benefits

- Direct parent involvement and caring, professional instruction.
- Maintains low student/teacher ratios.
- Utilizes effective curriculum materials.
- Emphasizes a strong work ethic for students that is time and cost effective.
- Natural preparation for college.
- Encourages strong family support and character.

Grace Athletics

... Let us run with patience the particular race that God has set before us, looking to Jesus the author and finisher of our faith! Hebrews 12:1-2

Grace Academy Athletics began as a dream in the fall of 2000 with the soccer program. From this small beginning, Grace today offers for middle school through high school students 12 teams to participate to the Glory of God.

The Vision and Philosophy of Grace Academy Athletics:

- To glorify God through all the gifts of athletics He has given to us.
- To grow more in the character of Christ, since athletics is a microcosm of real life.
- For young people to find enjoyment in athletic competition and by being able to try various sports and develop their skills.
- To help young men and women who have a desire and ability to play at the college level and encourage them in the process.
- To use Grace Athletics as an opportunity to share Christ and His love with our community and throughout the world.

Athletic Policies and Expectations

Grace Academy strives to provide an athletic environment conducive to building character, responsibility, commitment, teamwork, and relationships while promoting Christian principles and conduct.

Student-athletes are expected to follow guidelines as detailed below.

Eligibility

Student-athletes must attend at least two classes at Grace Academy. Students must maintain at least a C average or above for classes at Grace Academy to be eligible to participate on athletic teams.

Sports Packet

Grace Academy has prepared a convenient 5-page Sports Packet with handbook to collect all medical releases and information, permissions, payment options, and commitment agreements. All forms need to be filled out and returned to your coach by tryouts in order to participate in that team sport. You can get your Sports Packet from the Grace Academy Offices or online at www.graceacademync.com in the sports section.

Sports Cost

To play a high school sport at Grace Academy, the cost is \$300 per person per team sport. This helps to offset the costs related to uniform and equipment expenses, field or gym rent, referees, and coaches. This payment is due in full prior to tryouts in order to participate and receive a uniform. Refunds will be given for those who do not make the team. Please read through the Sports Payment Option form in the Sports packet, choose one option, and return to your coach by tryouts.

Attendance

Athletes are required to attend ALL PRACTICES, GAMES, AND MEETINGS. If a team member is unable to attend, he or she must notify the coach personally. We want to teach our student-athletes the responsibility of keeping a commitment, which is an essential part of life. Parents are responsible for ensuring timely arrival and pick-up of athletes for practices, games, and meetings.

Equipment/Uniforms

School team uniforms will be distributed at the beginning of the season. To receive a uniform, your sports fee must be paid in full. All uniforms are the property of Grace Academy and must be returned to your coach at the end of the sports season in which they were used. Failure to return uniforms/equipment will result in being billed for the uniform, holding of grades, and suspension from future Grace Academy athletic participation.

Conduct

Student-athletes are in a position of leadership as representatives of the school and their families. Grace athletes are expected to conduct themselves in a Christian manner at all times. Athletes should follow the rules of the Grace Family Handbook with regard to conduct and behavior. Those who are unable to comply risk suspension from athletic teams at Grace Academy.

Parents

We know that parents play an essential role in all areas of a student-athlete's development. Parents are encouraged to support their student and the team by following some simple guidelines:

1. Show respect to officials and opponents.
2. Encourage all team members.
3. Support the coaches' decisions.
4. Any problems should be addressed with the coach/athletic department outside of practice and games.
5. Cooperate with the athletic teams to ensure your athlete follows the athletic requirements.

Medical

Each student athlete will need to have a sports physical by a licensed North Carolina medical doctor. In the event that you need a sports physical, Presbyterian Matthews Urgent Care on Hwy 51 can provide one for you for a reasonable cost. Sports physicals are good for one year. Please have your doctor fill out the first page of your Sports Packet and deliver to your coach by tryouts.

Team Commitment Agreement

One copy of the team commitment agreement is to be signed and turned in to the coach before participating in the first game.

We appreciate your support of Grace Academy and our athletic teams!

Grace Athletic Funding

Fundraisers are an important part of the Grace Academy Athletics program. In order to offer sports teams, we incur expenses throughout the year. It is necessary to use a variety of fundraising activities to help cover some of these expenses above the cost of the sport such as field or gym use, uniforms, equipment and referees.

Each team is required to participate in several fundraisers during the year. These can include:

- Car Washes
- Candy Sales
- Others as Designated by Athletic Staff
- Corporate Sponsorships
